Good Morning Scott,

The attachments are COPIES of reporting letters that were sent via certified mail on 2/19/2013 from Battery Solutions in Michigan.

I have not yet received acknowledgement of delivery from the post office and as I have to be out of the office the rest of this week, I wanted to make sure the information was delivered by the March 1st deadline.

Please disregard if you have already received the originals.

Have a wonderful day.

Best Regards,

Shelly Messing

please consider the environment - do you really need to print this email?

***** ATTACHMENT NOT DELIVERED *****

This Email message contained an attachment named
image001.jpg

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
